Classification

The **HMC530** Huxford Floor Mount Plus is a reliable low-cost single glass door commercial display refrigerator. **The internal operating temperature is between 0-5°C so it will store and display drinks and beverages.** Designed with compact components for maximum vertical storage capacity and wide visual display area, capable of holding an ample amount of product. The top illuminated sign panel (permanent) and bright internal LED lights covering almost all of the internal height, are perfect for attracting customer attention to product. **Complying with Australian (and NZ) Government MEPS (Minimum Energy Performance Standards) this unit has a 6 star energy rating, is classified 3M2 and is value for money in running cost comparison.** Features an Elitech digital controller that also controls the internal light and digitally displays the temperature. These units are designed for everyday use. **Suitable for up to 32°C ambient temperature.**
