MEPS RATED

3M1 & 4M1

The **HSL300** Huxford Slimline Chiller is a single door commercial display refrigerator that takes up minimal floor space, slim in the front, but also deep and tall. The internal operating temperature is between 0-4°C so it will store and display dairy, meat, seafood, processed foods (all potentially hazardous foods) as well as perishable foods, drinks and beverages. Unique airflow technology keeps the contents consistently chilled to temperature. Designed with compact components for maximum vertical storage it is able to hold an ample amount of product for its size. The modern stylish design with bright tall LED lighting covering most of the internal height, is perfect for attracting customer attention to product. Features a Carel digital controller that also controls the internal light and digitally displays the temperature. Complying with Australian (and NZ) Government MEPS (Minimum Energy Performance Standards) this unit is rated 3M1 & 4M1. Perfect for everyday use, exclusive products, events, promotions, trade shows or product launches. Suitable for up to 30°C ambient temperature.

HSL300 Advantages
Warranty*

- 1 Year Standard Warranty (Parts & Labour)

Slimline

- Designed as a slimline cooler to take up less space

Airflow Technology

- Airflow technology means faster cooling and temperature pull-down of product

Compliance

- MEPS 3M1, 4M1, 5M1

HUXFORD HSL300 SLIMLINE CHILLER COMMERCIAL DISPLAY FRIDGE
